

2019 CTCI Foundation Science and Technology Scholarships Application Information

I. Foreword

CTCI Foundation was established on October 12, 1959. As a pioneer of new technologies, CTCI Foundation commits itself to developing technological talents for Taiwan and thereby facilitates Taiwan's economic development and assists Taiwan's manufacturing industries to upgrade their productivity. In 1962, the Engineering Education Research Fund was raised to award scholarships to distinguished undergraduate and graduate students. As of 2018, the scholarships had been awarded more than 3,800 students. Since 2014, the scholarships are extended to include outstanding international graduate students (including international students, oversea Chinese students, students from Mainland China, students from Hong Kong and Macao) in Taiwan from selected fields of study in designated universities to further their education. Since 2016, living grants can be applied with scholarships for oversea graduate students who need financial help. Since 2017, living grants have been separated from scholarship, which can be applied respectively to support oversea graduate students with financial difficulty to ensure their living when studying in Taiwan.
